### How to Check Out a Morro Bay Junior Yacht Club Boat

- Request a boat from the Junior Advisor, stating the event for which the boat will be used and the period of time it would be away.
- When collecting the boat make sure to take all of the parts needed including blades, spars, and running rigging.
- Notify Junior Advisor which boat & sail number was taken.
- Return the boat and all of the gear as soon as possible, usually the weekend following the event.
- Notify Junior Advisor when the boat has been returned.

### Tips

- If car topping an Optimist, remove the air bags to prevent them chaffing at the straps or flying out of the boat.
- An Optimist needs to be secured from sliding back out of the straps holding it to the car or trailer.
- If taking an Optimist up into the mountains, like Huntington Lake, deflate the air bags or they will pop.
- When collecting the boat take note of the sail number as you will need it to register for the event.
